

Electro-Mechanical Tech

Job Status: Full Time

Required: Bachelor Degree in Engineering or the Equivalent of
Knowledge of Bell and Howell Machines
Computer Related Skills

Job Description: We are looking for employees who are able to operate and maintain Bell and Howell Mail Sorting Machines. This job would also require an employee to operate and maintain a Paper Folder and an Insert Cutter. Experience in maintaining Xerox printers is also a plus.

Should be able to attend training sessions hosted by the company on a regular basis.

Dependable vehicle is needed (Gas Reimbursement is given). Applicants must be willing to work all aspects of the job and will be cross-trained as experience is gained.

Salary/Wage: Dependent on experience and current technicians.

Hours: Daytime with shift work and weekends during month-end rush.

Benefits: Tuition Reimbursement, Loan Reimbursement, "University 200", and completion bonuses are available to *those who qualify*. Company provides health care to full time staff who have reached a minimum employment level. Company is willing to work with student's schedule per official class schedule turned in.

How to Apply: Apply by email: lsayad@laserprinting.com, by fax: 318-226-6525, or by mail: P.O. Box 17524, Shreveport, LA 71138
