celebrate credit union youth month

April is
Credit Union
Youth Month

The Future is Yours

Picture it! Save for it! Share it!

Dreaming of our ideal future delights and inspires us. Children, with their fertile imaginations, are particularly good at dreaming. But to make dreams come true, you need to have clear goals and, very likely, save some money to make them happen. Credit unions can help their members on both counts.

Our theme for Youth Month this April, is "The Future is Yours: Picture it! Save for it! Share it!" We're encouraging all members, particularly our youngest, to write down their dreams, create vision boards, and encourage each other. These activities will help lay the groundwork for their future success.

Putting your dreams and goals down on paper where you can see them every day actually helps you achieve them! Studies were conducted at Dominican University on the science of goal setting. The results revealed that writing down your goals on a regular basis makes you 42% more likely to achieve them than if you don't record them. They determined that using your imagination (right/creative brain) and writing those plans down (left/logical brain) engages your whole brain, including your subconscious. This makes it easier for you to find and seize opportunities that will help you achieve your goals, as well as keep you motivated.

Young members who begin a habit of envisioning and recording their goals are more likely to achieve future goals as adults. This year's Youth Month theme will give your members the encouragement they need to start this habit.

INACTIVE Accounts

Dormant Accounts

At WESLA Federal Credit Union, we understand accounts go unused for many different reasons. You may have moved, you may have simply forgotten you had an account with us, or maybe a family member/parent opened an account for you years ago and you had no idea. While we hope you continue utilizing our services, we want you to be aware of how an account can become dormant. Dormant accounts are defined as accounts that have had no activity on shares/savings or loans for a period of **12 months or more**.

What can you do to prevent your account from going dormant?

- Stay active with WFCU!

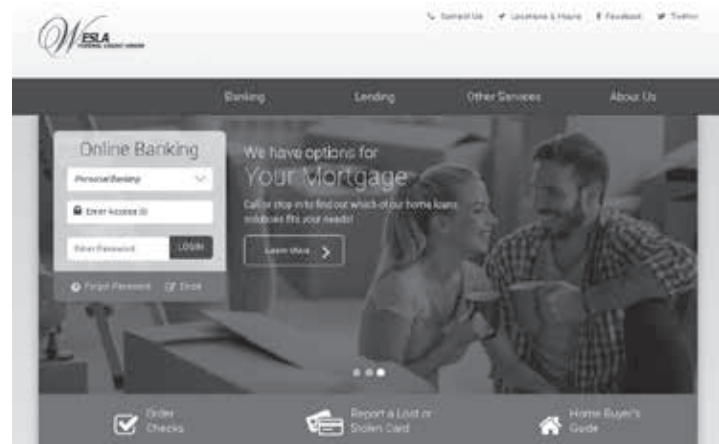

Members will be reminded to keep their account active by making at least one physical deposit to their account per year. Conduct regular transactions on your account or at minimum, once a year. Fees on all accounts shall be assessed at \$10 per month after 12 months of inactivity. The fee shall continue monthly until the balance in the account is zero and the account is closed, or the account has been reactivated.
